GRID NORTH AT LAKE CITY IS 0°56'15" EAST OF TRUE NORTH
IN JULY 1966 MAGNETIC NORTH IS APPROXIMATELY 0°24'00" EAST OF TRUE NORTH
ANNUAL MAGNETIC CHANGE IS APPROXIMATELY 6'30" WESTWARD
GENERAL HIGHWAY MAP
COLUMBIA COUNTY
FLORIDA
PREPARED BY THE
This map was compiled from U.S. Geological Survey quadrangle maps, aerial photography flown in 1957 and 1963, General Land Office plats, road inventory surveys December, 1965, and other map data.
This map was prepared on the Lambert conformal conic projection, North Zone, Florida System of plane coordinates.
The railroad station symbol as shown on this map does not necessarily denote the presence of a depot or like facility. It may be only a point designated for the receipt or delivery of freight, such as a platform or siding.
Portions of railroads and other secondary symbols are omitted in order to show topography.
City populations are taken from U.S. Census for 1960.
In congested rural areas local roads are indicated by a single line only. For details refer to the inset sheet and insets prepared for this county.
The Wildlife Management Area boundary as shown on this map is approximate and subject to change by the Florida Game and Fresh Water Fish Commission.
