CONTRACT TIME : 1068 CALENDAR DAYS

For the purpose of bidding, the Department has established a maximum budget of $28,894,100. This amount is not the Department's official cost estimate for the work but is the budgetary constraint established for this contract. Submission of a bid under the maximum budget is not a guarantee of contract award and cannot be interpreted as an appropriate or awardable bid amount. For this contract, the Department will reject as non-responsive any bid in which the contractor submits a bid in excess of the maximum budget amount shown above.
During preparation of the bid, if concerns regarding the Department's maximum budget arise, submit a letter of budget concern to Gerry O'Reilly, Director of Transportation Development phone No. (954) 777-4411 by April 11, 2007. The Department will review the letter of budget concern and determine its next course of action. This process is established to provide the opportunity for bid proposal holders for this contract to express budget constraint issues prior to submission of a bid.

The improvements under this contract consist of widening SR 7 from a 5-lane undivided roadway to a 6-lane divided roadway with bike lanes, curb and gutter, and sidewalk. This project will also entail upgrading the lighting system, signage and signalization, installing a drainage system with curb inlets and drainage ponds, and providing new landscape along the corridor.
