TIMELINESS NOTES

- Centerline Miles and Lane Miles are as of December 31 of the of the report year.
- DVMT uses Annual Average Daily Traffic (AADT) for the entire calendar year ending that same December 31.

CONTENT NOTES

- Report includes data for roads in the Roadway Characteristics Inventory (RCI) that are on the State Highway System (SHS).
- Only Active roads are included. Proposed roads (status Pending) and ramps and frontage roads (status Active-Exclusive) are not included.
- The Florida Turnpike Enterprise (FTE) system is included in the SHS for statistical reporting purposes. Roads on the FTE are shown here according to the county in which the mileage is located. As a result, FTE mileage appears to be under the jurisdiction of the several Districts; however, the FTE is a separate administrative entity of the Florida Department of Transportation. In order to help communicate the FTE's status, FTE mileage is shown separately on page 8. This mileage includes the original FTE and Homestead Ext, Sawgrass Expy, Veterans Expy, Seminole Expy, Southern Connector Ext, Polk Pkwy, Suncoast Pkwy, First Coast Pkwy, and parts of the Beachline Expy and Western Bltwy.
- The "Toll" columns on pages 2, 3, and 4 include Turnpike roads but do not include Interstate highways with tolls: the Alligator Alley part of I-75 and the Sunshine Skyway part of I-275. Mileages for tolled Interstates are included in the Interstate column on those pages.
- The Functional Classification on pages 5, 6, and 7 only provide totals for roadways classified above "local" and will not match the Summary totals.
- Each part of a one-way pair is treated as a separate roadway to calculate centerline mileage.
- Totals may not agree due to rounding.

DEFINITIONS

- Urban means having a population of at least 5,000.
- DVMT means Daily Vehicle Miles Traveled, the product of Annual Average Daily Traffic times Length of Road. Shown here in Thousands.
