REV 4-7-76

REPRINTED JAN., 1977

1338

1845

This map was compiled from U.S. Geological Survey quadrangle maps, General Land Office plats, aerial photography flown in March, 1963, and November, 1965, and other inventory surveys June, 1966, and other more recent.

This map was prepared on the Lambert conformal conic projection, with grids coordinated as established for the Florida North Zone.

In congested rural areas local roads are indicated by a single line only. For details refer to insets prepared for this county.

The railroad station symbol as shown on this map does not necessarily denote the presence of a depot or like facility. It may be used to designate for the receipt or delivery of freight, such as a platform or siding.

Portions of railroads and other secondary symbols are omitted in order to show topography.

City populations are taken from U.S. Census for 1970.

1970 Suwannee county population is 15,659.

GRID NORTH AT LIVE OAK IS 0°46' MAGNETIC NORTH IN JANUARY, 1980 IS APPROX. ANNUAL MAGNETIC CHANGE IS APPR.

GENERAL LEGEND

- HIGHWAY WITH FULL CONTROL OF ACCESS
- INTERCHANGE
- PROPOSED CONTROLLED ACCESS HIGHWAY
- DIVIDED HIGHWAY
- PAVED ROAD-HIGH TYPE
- BITUMINOUS ROAD-MEDIUM AND LOW TYPE
