methodologies.

This map was prepared on the Lambert conformal conic
projection, 1983 North American Datum, Florida system of

denote the presence of a depot or like facility. It may be
only a point, such as a platform or siding, designated for
the receipt or delivery of freight.

No attempt has been made to show all drainage canals
or ditches.

All populations are taken from the 2000 United States Census
In 2000 the population of Santa Rosa County was
117,743. There are 1,032 square miles in the county.

No claim is made for the basic cartographic source
material taken from a work or works of the United States
Government.

Transportation assumes no responsibility for inaccuracies
in road alignments, configurations of intersections or
